Practical Education Aim of High School

Practical education, the learning of something that will enable one to make a living, evidently is appreciated by the 700 students attending the senior high school. In the commercial department of the school, more than 400 are enrolled in the work that includes book-keeping, typewriting and stenography.

Commercial course in the high school was organized in 1908. At the end of three years it had only 35 students enrolled. In 1911 Merritt Davis was placed in charge of the entire commercial work and from that time, the enrollment has increased rapidly.

By 1912 the students taking advantage of practical work had increased to 150 and has gained each year, until the present enrollment of 400 was reached. Besides Merritt Davis who is in charge, four teachers are now employed in the commercial departments.

Lack of Ships Ruinous To Coast Lumber Trade

Washington, Feb. 17.—Lack of ships has made it impossible to ship 500,000 feet of lumber from the Pacific coast to foreign countries, said a letter from Daniel Kelleher, of Seattle, which, with like communications, all demanding a merchant marine, were laid before the house merchant marine committee today.

DO THIS FIRST—YOU!

You know, and every physician knows, that when any sickness has passed, whether it be throat trouble, organic disturbances, contagious diseases, or even a severe cold, a relapse is feared, because sickness robs the system of Nature's resistance and leaves it subject to lingering germs.

Drugs never build up a worn-out body—only food can do that, and the first thing to take after any sickness is the concentrated, blood-making oil-food in Scott's Emulsion, which feeds the tissues, benefits the blood and strengthens both lungs and throat.

Physicians prescribe Scott's Emulsion after sickness. Nurses everywhere advocate it. Scott's is pure medicinal food, without alcohol or drugs.

Spring Training Camp for Baseballists Opens

Los Angeles, Cal., Feb. 15.—With American and National league players as interested spectators, the first organized baseball spring training camp of 1916 was opened here today.

Portland, Ore.—Angels and Yankees men participated in practice which was faster than is usual during the first week.

"Tab" Spencer, Vernon catcher, was the ringleader of the affair, and acted as manager of the squad. Spencer did all the batting practice, forcing Pitcher Lush, of Portland, infielder Butler, of Los Angeles, infielder Mohler, of St. Lake, and Roy Brasher and Catcher Carisch, unattached, to do the fielding.

Pitcher Pete Schneider, of Cincinnati, Shortstop Zeb Terry, of the White Sox, Shortstop Johnny Rawlings, of the Kansas City Federals, and Second Baseman Bill Kenworth, of the same team, wear spectators. In the grandstand were Manager Patterson, of Vernon, Manager White, of Denver, players Kane, Griggs, Whaling and Maggett.

OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, hawking, mucous discharge, dryness of headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing, the swollen or inflamed mucous membrane, giving you instant relief. Head colds, and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

Street Car Runs Away Several Badly Hurt

San Francisco, Feb. 16.—Two persons were seriously injured and a score of persons severely bruised today when two street cars on Hayes and Buchanan streets collided today. Motorman George Steidman sustained a broken leg, fractured wrist and probably contusions and a broken thumb.

Stedman lost control of his car, and it crashed into the car ahead. Both were wrecked. A panic followed the crash. One car was running down the Hayes street hill from Stanyan with about 50 passengers. The rails were slippery and Motorman Roy Akln had difficulty keeping control. Another car came in behind it. Dew on the rails caused this car to slip and it swept down on the car ahead with great speed.

A panic resulted, men and women passengers fighting each other in their efforts to escape from the wrecked cars from the front doors or through the windows. One of the motormen declares some men passengers ignored the rule "women and children first" in their efforts to save themselves.

STOMACH MISERY QUICKLY VANISHES

Your money back if you want it is the way in which Daniel J. Fry, the popular druggist, is selling Mi-o-na, the great dyspepsia remedy.

This is an unusual plan, but Mi-o-na has so much merit and is so almost invariably successful in relieving all forms of indigestion that he can but little risk in selling under a guarantee of this kind.

Do not be miserable or make your friends miserable with your dyspepsia. Mi-o-na will help you. If it doesn't, tell Daniel J. Fry that you want your money back and he will cheerfully refund it.

A change for the better will be seen from the first few doses of Mi-o-na and its continued use will soon start you on the road to perfect digestion and enjoyment of food.

Mi-o-na has been so uniformly successful that every box is sold under a positive guarantee to refund the money if it does not relieve. What fairer proposition could be made.

Daniel J. Fry gives his personal guarantee of "money back if you want it" with every box of Mi-o-na that he sells. A guarantee like this speaks volumes for the merit of the remedy.

HOUSEHOLD HINTS

RABBITS Welsh Rabbit—Fill lower part of chafing dish with boiling water, cover it first with a plate, then with the cover. Fry two thin slices of bread light brown in one-half teaspoon butter; place on the hot plate and keep covered. Wipe out the blazer with soft paper and put in four ounces of fine-cut cheese, one-half teaspoon of butter, two teaspoons cream (water may be used) one-eighth teaspoon English mustard; stir until it forms a creamy mixture; pour over the bread and serve at once. The bread may be toasted, of course, instead of fried.

White Rabbit—One pint milk, one-fourth pound grated cheese, one tablespoon flour, one egg, salt; add flour and seasoning, then beaten egg. Serve on toast, hard-boiled eggs or croquettes.

GINGER CAKE AND COOKIES Soft Coconut Gingerbread—Cream together one cup sugar and half cup shortening, add two well-beaten eggs, one cup molasses, three cups flour, one cup sour milk (stir in half of the milk); add one-half cup baking soda, and one-half teaspoon baking soda, add one cup shredded coconut, one teaspoon each of powdered nutmeg and a few drops of lemon essence. Mix well, turn into well-greased and floured shallow pan; bake one hour.

Ginger Cake—Two cups brown sugar, one-half cup butter, three eggs, one cup molasses, one cup sour milk, one teaspoon baking soda, one-half teaspoon nutmeg, one-half teaspoon cinnamon, two cups flour.

Ginger Cookies—Mix together one pint Orleans molasses, three table-spoons lard, two well-beaten eggs, one scant tablespoon ginger, one tablespoon soda; dissolve soda in one-fourth pint warm water. Mix dough stiff enough to roll nicely.

LETUCE DISHES Something green is appreciated at this time of year. Lettuce is cheap and has great possibilities.

Letuce Greens has few superiors in the "greens" family. Wash a pound of lettuce and the leaves and root of a bunch of celery. Boil in salted water twenty minutes. Drain, cut fine and serve with lemon and hard-boiled egg.

Plain Lettuce Salad with French dressing is always good. Use the outside leaves and stalks in vegetable soup or to make cream of lettuce soup.

Letuce Spinach—Put one pound lettuce, one pint chopped celery (leaves and roots will do); boil till tender. Rub through sieve, add one pint milk, bring to a boil. Rub one tablespoon butter and two of flour smooth and heat into soup. Salt and paprika to taste. Sprinkle each plate with chopped nuts. Serve with salt wafers or croutons.

POPCORN GOODIES Popcorn Cakes—Put nicely popped corn through a clean coffee or meat grinder, then stir into molasses candy, using as much as will make the syrup very stiff. Spread on a greased slab and roll an inch thick with a buttered rolling pin. Cut into cakes and let become cold. The molasses syrup only wants to be boiled until it forms a stiff ball in cold water. Easy to make and good.

TO RESTORE FADED SWITCH Steep a handful of tea (green for medium brown, black tea for deeper shade) and, when nearly cool, drop in a piece of copper the size of a pea. Dip switch in this and dry. If not dark enough repeat until you get the shade wanted.

Please Have Your Friends Register Early—Advice to Candidates

Since there are about 17,000 voters in Marion county and but 3745 have registered to date County Clerk Gehlar has adopted the plan of stamping the slogan, "Please have your friends register early", on the outside of all of the correspondence to prospective candidates in the county who write in matters pertaining to their candidacy.

To date 2811 men have registered and 934 women have signed up in this county and this means that the remainder will be obliged to register at the rate of 270 per day and at present the registration has dropped to about 40 per day. In the city of Salem there are 6500 voters and about 1500 have registered which leaves 5000 to register in the eight weeks remaining before the books close for the primaries. This amounts to 600 a week or 100 a day for the remaining period. Some of the outside districts are registered up to 90 per cent of the total vote but inside the city of Salem the percentage of registration is considerably less.

FIRE ON JAPANESE SHIP NOT SERIOUS

Panama Maru Reported On Fire Reaches Port—Fire Due to Natural Causes

San Francisco, Feb. 17.—Reports that the Toyo Kisen Kaisha steamer Panama Maru, freight-laden and with a few passengers, San Francisco for Yokohama and other Oriental ports, was afire, was followed today by further advices saying she had docked safely at Yokohama on February 15.

The T. K. K. line here had no advices from their Japanese headquarters. The marine department of the chamber of commerce, however, got word of the fire, followed soon by the cable telling of the arrival of the ship.

The Panama Maru, formerly in the Seattle trade, sailed from here January 23 with a large cargo, a crew of about 100 and only a dozen passengers. She touched at Honolulu.

Toyo Kisen Kaisha officials thought if reported fire had been serious they would have had word at once. They scoffed at suggestions of bomb plots, though another T. K. K. ship, the Shinyo Maru II caught fire before leaving Yokohama recently. The Shinyo is due here about February 19.

"The Shinyo fire was from natural causes," said a T. K. K. official today. "As for the Panama Maru, all I know is the word from the chamber of commerce."

Brandeis Receives Both Praise and Blame

Washington, Feb. 17.—Louis D. Brandeis, President Wilson's nominee for the supreme court bench was alternately praised and criticized today in the senate sub-committee hearing as to his fitness.

Attorney Sherman L. Whipple of Boston characterized him thus: "As a lawyer, he is able and honest; as a man, conscientious and high minded."

The contrary view came from Attorney Morfield Story of Boston, who said: "Brandeis is an able lawyer and very energetic, but he is ruthless in attainment, unscrupulous in method and untrustworthy."

Story charged that Brandeis as early as 1892 engaged in litigation with a view to depressing the credit of the New Haven railroad, as a result of which the system was thrown into bankruptcy.

This testimony was in support of the claims of C. W. Barron, Boston and New York financial editor, that Brandeis had sought to wreck the New Haven system.

COURT HOUSE NEWS

A college romance appears to have sagged in the center and dissolved to the tune of crashing crockery, according to the suit for divorce filed today by A. Merle Scott against Gertrude L. Scott. They were married at Corvallis, February 27, 1913, while the groom was a student at the Oregon Agricultural college. He claims that she dined a fruit jar off of his eyebrow and that the crash of dishes disturbed his mental poise and he was unable to apply himself to his studies. He further alleges that she dined one of his fellow students to bite her neck, all of which tended to promote discord in the family and finally it is alleged that they separated. Mr. Scott has been residing with his parents at Scotts Mills for the last year.

The case of the State against Joe Griffith, charged with larceny, was dismissed by Judge Webster, in the justice court yesterday afternoon on the grounds of insufficient evidence. Griffith's attorney moved to dismiss the case after the state had presented its side of the evidence and District Attorney Ringo stated that he did not consider that the state had sufficient evidence to hold the defendant. It appears that M. A. Colvin, the complaining witness, rented a house from Griffith and later moved out, then Griffith occupied the premises and held certain belongings of Colvin's to secure the payment of rent which he alleged was due him. Colvin had him arrested on a charge of larceny.

Elizabeth R. Heise has brought suit against B. J. Colldbeck and others to recover \$1,320.35 alleged due on a promissory note for \$2,050.55 which was secured by a mortgage on certain property in this city and on lot 46 Smith's fruit farms. Smith & Shields are attorneys for the plaintiffs.

Market Quiet and Weak German Exchange Falls

(Copyright 1916 by the New York Evening Post.) New York, Feb. 17.—The movement of the stock market again today was negligible. Some industrial issues were bid up and some sold down, but most of them were weak; but elsewhere the drift of prices was unchanging. Railway stock held pretty firmly but trading in them was very light. As is habitual in such a market, even the imagination of Wall street was baffled in an effort to connect the action of the market with news developments. It is undeniable that the financial community is gratified at holding up American negotiations with Berlin until something is learned as to Germany's purposes aside from indefinite threats of sinking non-combatant vessels without warning when a submarine commander classes them as "armed merchantmen." But, this gratification was not reflected in the market.

The charter members are: Messrs. Sibley and De Jarding, of Gervais; Rosenkrans & Fletcher, of Canby; Tait, of Scotts Mills; Mays, of Donald; Knight & Painter, of Hubbard; Warfel & Erickson, of Barlow; Custer, Ain, Benson & Wolford, of Silverton; Robbins, of Molalla; Sadler & Krause, of Aurora; A. Percy Campbell Comes For a Year's Visit

Portland, Or., Feb. 17.—Percy Campbell, the "mysterious John Doe" whose real identity was not known for a month after he tried to hold up Agent J. B. Stewart at Multnomah Station December 21, was taken to Salem today to begin serving one year in the penitentiary.

Campbell was allowed to plead guilty to a charge of attempted burglary and take the light sentence.

"That mercy I to others show, that mercy show to me," quoted Judge McGinn from Pope when he sentenced Campbell. "In the language of the street it's time you were taking a tumble to yourself. You will probably be billed the next time you attempt such a thing. I'll take off my hat to the man who shot you."
